EXPERIENCE

RENDERED IDEAS

2024 - 2025

Game Designer

(1 Year 2 Months)

- Designed and developed gameplay mechanics and levels for casual games across different genres and platforms, including Amazon and Android.
- Managed and coordinated teams of animators, artists, and programmers during live events, ensuring seamless collaboration and timely delivery of game assets.
- Utilized JSON for efficient data structuring and integration, streamlining game development processes and ensuring compatibility across platforms.
- Executed live ops integration strategies, enhancing game longevity and player engagement through real-time updates and events.
- Contributed to combat design, balancing and refining mechanics to ensure a challenging yet enjoyable player experience.
- Overlooked quality assurance (QA) processes across game titles, ensuring adherence to rigorous quality standards.

GAMER2MAKER

2022 - 2024

Game Designer

(1 Year 10 Months)

- Contributed fresh and innovative ideas to enhance the gameplay and overall quality of the titles.
- Participated in game pitches, refining my ability to present and sell game concepts to respective stakeholders.
- Engaged in storyboarding and narrative decision-making, shaping the game's storyline and player experience.
- Collaborated effectively within a team environment.
